The European Union numbers 27 Member States: 27 different nations determined to shape their future closely together. Over a period of enlargement of 40 years, they have, together, built a zone of peace, stability, progress and solidarity. The European Union is a model for overcoming conflict and promoting reconciliation through close co-operation to achieve common goals, while respecting national sovereignty and territorial integrity. But the EU is not focused on itself: its ambition is to share its achievements and its values with countries and peoples beyond its borders. The European Commission is the EU's executive body.
